Pure Water Sure Health

TO PROTECT YOUR AND YOUR FAMILIES HEALTH WHICH YOU CANNOT BUY

"USE"

"domit 2S" SILVER TREATED WATER FILTER CANDLE

Why ?

To get pure and safe drinking water.

What does Filtering do ?

- A) Ensures Bacteria free drinking water to safeguard you from all water borne diseases like Typhoid, Cholera, Amoebiasis, Dysentery, Diarrhea, Giardia and Gastro-enteritis.
- B) Eliminates all harmful suspended chemicals and metal components, such as Iron, Copper, Mineral Oil, Aluminium etc.
- C) Removes all mud and dust.

Which Water Filter Candle to buy ?

Buy **domit 2S** (The only Candle with **JST** marking).

Why domit 2S ?

Because :-

- A) Silver in the candle kills harmful Bacteria instantly and eliminates suspended Chemicals/ Metal from drinking water.
- B) No Boiling Required (Silver does the Job)
- C) Has a special resin coated seal (food grade) which ensures no mixing of unfiltered and filtered water (try Cocacola Test)
- D) All the pores are uniformly spread with Ideal diameters to ensure smooth passage of water.
- E) It does not require any electricity and therefore power failures / cuts have no effect whatsoever.
- F) Very Very economical in comparison to any other brand in the market (no boiling at all) and costs only 02 paise for one litre of pure & germ free drinking water.
- G) Useable in any models of water filters available in the market irrespective of shapes and sizes.
